{Intro - Bm A D} $\frac{3}{4}$ Time

D Bm F#m Bm
How do you describe the light to the blind,
G D A
When darkness is all they can see?
D F# Bm E
How can you tell them how great the light shines,
D G D
Or the joy that the brightness can bring?

Bm A F# Bm
Come near to the light and you will feel,
G A Bm
The radiant warmth you can't see,
G A F# Bm
Your eyes once blind will open in wonder,
D G D
And free from the darkness you'll be...

{Chorus}

Come to the Light Wherever you are,
G D Bm A
Come to the warm and bright morning star,
Bm A D A
Come to the light... Come to the light (Verses)
(Come to the Light)

D Bm F#m Bm
Where there is light no darkness exists,

And the light reveals what we do,

The choice to believe is like seeing the light,

Oh, now let the light shine on you, (To Chorus)

Come near to the light so you can feel,

With your mind, your body, and soul,

And then you'll see, His majesty,
D G D G
Oh, the Glory of Christ you'll behold (Come to His Light) {chorus}
